

Rev 2 12/05/2022 for NASC

## Quality Statement

Pharmore Ingredients is committed to being a leader in supplying quality ingredients to the animal foods and human nutrition industries.

Our Supplier Quality Compliance program includes on-site audits, third party compliance certifications, thorough quality improvement programs and extensive sampling and testing to assure safety and potency of materials we supply to our customers.

We are at the forefront of our supplier's compliance with current Good Manufacturing Practices for Human Foods FDA Part 117 and Animal Foods Part 507. Detailed documentation demonstrating each of these activities is available upon request.

Per the mandatory US FDA Foreign Supplier Verification Program (FSVP) as stated in 21 CFR Part 1 Subpart L, there must be a FSVP Importer named for all food (including dietary supplement) ingredients. Pharmore Ingredients accepts full responsibility for FSVP implementation and is the FSVP Importer named for all ingredients we import for our customers.

A handwritten signature in black ink, appearing to read "Warren Majerus", is positioned above a horizontal line.
