

Preferred Supplier Program

Quality & Confidence in the Supply Chain.

Quality products begin with quality ingredients, manufactured at quality compliant production facilities, verified by quality testing laboratories and supported by other key business partners.

The NASC Preferred Supplier program has been developed to help ensure all of these critical steps are covered by suppliers we trust in every area.

Benefits of the program:

- Helps Reduce Cost
- Helps Ensure Product Quality
- Helps Identify & Differentiate Responsible Audited Suppliers
- Helps Increase Consumer Confidence
- Helps Assure cGMP Compliance

Suppliers that qualify for the program are promoted throughout the industry and featured at our annual meetings.

The NASC Quality Cycle

NASC Preferred Supplier Program

Helping to ensure quality & confidence throughout the supply chain, from raw materials to finished products.

The National Animal Supplement Council's Preferred Supplier program offers your company the opportunity to join an exclusive group of leading businesses that are setting the standard for quality and transparency within the industry. If you qualify as a Preferred Supplier, you'll differentiate your company, create new growth opportunities for your business, establish a new level of trust with your customers, and demonstrate your unwavering commitment to quality. NASC Preferred suppliers make a difference in the industry and are part of the solution!

Program Benefits

- ◆ **CREATES** new business opportunities through access to NASC members
- ◆ **REDUCES** your cost of quality by significantly reducing testing and audit costs
- ◆ **ELEVATES** your business by keeping you ahead of the regulatory curve
- ◆ **IMPROVES** supply chain management, which reduces your risk
- ◆ **DIFFERENTIATES** quality suppliers from opportunistic suppliers
- ◆ **INCREASES** product confidence with your customers and with consumers

Who Can Qualify?

Raw Material Suppliers, Contract Manufacturers, Testing & Research Laboratories, and Service Providers that are committed to the highest standards of quality.
