

## 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

**Product Identifier**

**Product Name** BB-06 100B - 20 KG

**Other means of identification**

**Material Number** 1281648

**Recommended use of the chemical and restrictions on use**

**Recommended Use** Food industry.

**Details of the supplier of the safety data sheet**

**Supplier Address**

Danisco USA Inc.  
3329 Agriculture Drive  
Madison, WI 53716  
USA  
+1 800 255 6837.

**E-mail Address**

sds.cultures@dupont.com

**Emergency Telephone Number**

+1 (319) 368-7657. For a Distribution incident - Spill, Leak, or Accident  
CALL CHEMTREC - 800-424-9300 (within US)  
DuPont registration number 671983

## 2. HAZARDS IDENTIFICATION

**Classification**

**OSHA Regulatory Status**

This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.122)

Not a dangerous substance or mixture according to the Globally Harmonized System (GHS)

**Label Elements**

**Emergency Overview**

**Hazards not otherwise classified (HNOC)**

**Other information**

WARNING MAY FORM COMBUSTIBLE DUST- AIR MIXTURE  
May cause allergic reactions to sensitive individuals by ingestion or by skin/eye contact.

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

**Description**

Freeze-dried microbial cultures.

Chemical Name	CAS-No	%
Microbial freeze dried Cultures	-	--

#### 4. FIRST AID MEASURES

##### First Aid Measures

<b>Eye Contact</b>	Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician. If eye irritation persists, consult a specialist.
<b>Skin Contact</b>	Wash off immediately with plenty of water. If skin irritation persists, call a physician.
<b>Inhalation</b>	If respiratory irritation or distress occurs remove victim to fresh air. Seek medical attention if respiratory irritation or distress continues.
<b>Ingestion</b>	Clean mouth with water and afterwards drink plenty of water. If symptoms persist, call a physician.

##### **Most important symptoms and effects, both acute and delayed**

May cause allergy or asthma symptoms or breathing difficulties if inhaled.

##### **Indication of any immediate medical attention and special treatment needed**

Treat symptomatically.

#### 5. FIRE-FIGHTING MEASURES

##### **Suitable Extinguishing Media**

Use water spray, fog, Carbon dioxide (CO<sub>2</sub>), foam or dry chemical.

##### **Explosion Data**

**Sensitivity to Mechanical Impact** Avoid dust formation.

**Sensitivity to Static Discharge** Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.

##### **Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Positive pressure self-contained breathing apparatus (SCBA) and structural firefighters' protective clothing will provide adequate protection.

#### 6. ACCIDENTAL RELEASE MEASURES

##### **Personal precautions, protective equipment and emergency procedures**

If spilled, take caution, as material can cause surfaces to become very slippery. Dust deposits should not be allowed to accumulate on surfaces, as these may form an explosive mixture if they are released into the atmosphere in sufficient concentration. Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air). For personal protection see section 8.

##### **Environmental Precautions**

No special environmental precautions required.

##### **Methods and material for containment and cleaning up**

**Methods for Containment** Prevent further leakage or spillage if safe to do so. Prevent dust cloud.

**Methods for Cleaning Up** Avoid dust formation. Use industrial vacuum cleaner approved for combustible dust and area electrical classification. Pick up and transfer to properly labeled containers.

#### 7. HANDLING AND STORAGE

**Precautions for safe handling**

Minimize dust generation and accumulation. Combustible dust clouds may be created where operations produce fine material (dust). Avoid significant deposits of material, especially on horizontal surfaces, which may become airborne and form combustible dust clouds and may contribute to secondary explosions. Handling and processing operations should be conducted in accordance with 'best practices' (e.g. NFPA- 654). Handle in accordance with good industrial hygiene and safety practice.

**Conditions for safe storage, including any incompatibilities**

**Conditions for safe storage, including any incompatibilities** Keep/store only in original container. Keep container tightly closed. Check the Product Description for storage temperatures.

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION****Control parameters**

**Exposure Guidelines** Based on data available for ingredients.

Chemical Name	ACGIH TLV	OSHA 8 Hr. TWA:	NIOSH IDLH
Organic dust RR-13424-7	None Known	None Known	None Known
Microbial freeze dried Cultures	None Known	None Known	None Known

**Appropriate engineering controls**

**Engineering Measures** Ensure adequate ventilation Local exhaust ventilation of dust/vapour/aerosol at the point of generation.

**Hygiene measures** Handle in accordance with good industrial hygiene and safety practice. Regular cleaning of equipment, work area and clothing is recommended. Avoid contact with eyes, skin and clothing. Wear suitable gloves and eye/face protection.

**Individual protection measures, such as personal protective equipment**

**Eye/Face Protection** Tightly fitting safety goggles.

**Skin and Body Protection** Wear protective gloves and protective clothing.

**Respiratory Protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**9. PHYSICAL AND CHEMICAL PROPERTIES****Appearance**

**Physical State** Powder, Solid

**Color** Light cream. Tan

**Odor** Typical odor of fermented product.

**Odor Threshold** No data available

**pH** No data available

**Melting point/freezing point** No data available

**Boiling point / boiling range** No data available

**Flash Point** No data available

**Evaporation rate** No data available

**Flammability (solid, gas)** No data available

**Upper/lower flammability or explosive limits**

**Upper Flammability Limit** No data available

**Upper explosive limits** No data available

**Lower Flammability limit** No data available

**Lower explosive limits** No data available

**Vapor Pressure** No data available

**Vapor Density** No data available

Relative density	No data available
Specific Gravity	No data available
Water Solubility	slightly soluble
Partition Coefficient (n-octanol/water)	No data available
Autoignition Temperature	No data available
Decomposition Temperature	No data available
Viscosity	No data available

## 10. STABILITY AND REACTIVITY

### Reactivity

Not expected.

### Chemical stability

Stable under normal conditions.

### Possibility of Hazardous Reactions

None under normal processing.

### Conditions to avoid

### Incompatible Materials

### Hazardous decomposition products

None known

## 11. TOXICOLOGICAL INFORMATION

### Information on likely routes of exposure

#### Product Information

#### Acute toxicity

##### Inhalation

Inhalation of dust in high concentration may cause irritation of respiratory system.

##### Eye Contact

Dust contact with the eyes can lead to mechanical irritation.

##### Skin Contact

Prolonged or repeated contact may dry skin and cause irritation.

##### Ingestion

No known effect

### Information on toxicological effects.

#### Symptoms

No information available.

### Delayed and immediate effects as well as chronic effects from short and long-term exposure

#### Sensitization

May cause sensitization in susceptible persons.

#### Mutagenic effects

There is no data available for this product.

#### Carcinogenicity

There is no data available for this product.

#### Reproductive effects

There is no data available for this product.

#### STOT - single exposure

There is no data available for this product.

#### STOT - repeated exposure

There is no data available for this product.

#### Aspiration hazard

Not expected.

### Numerical measures of toxicity

Chemical Name	ACGIH	IARC	NTP	OSHA
Microbial freeze dried Cultures	None Known	None Known	None Known	None Known

**12. ECOLOGICAL INFORMATION****Ecotoxicity**

Classification based on data available for ingredients

**Persistence and Degradability**

Based on data available for ingredients

**Bioaccumulation/Accumulation**

No bioaccumulation potential

**Mobility**

Soluble in water

**Other Adverse Effects**

None Known

**13. DISPOSAL CONSIDERATIONS****Waste treatment methods****Waste Disposal Methods**

This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements.

**Contaminated Packaging**

Dispose of empty containers and wastes safely. Dispose of waste product or used containers according to local regulations.

**14. TRANSPORT INFORMATION**

**Harmonized Tariff Code** 3002.90.5150

**DEPT. OF TRANSPORTATION UN OR NA NUMBER** Not classified as dangerous goods according to US transport regulation 49 CFR.

**15. REGULATORY INFORMATION****U.S. Federal Regulations**

Chemical Name	SARA 313 - Threshold Values %	CERCLA/SARA - Section 302 Extremely Haz
Microbial freeze dried Cultures	Not listed	Not listed

This product does not contain any Proposition 65 chemicals.

**16. OTHER INFORMATION**

**Issuing Date** 07/07/2011  
**Revision Date** 09/24/2014

**Americas GHS Format**
