

FSVP Monitoring

Appointed PCQI's within companies review the FSVP requirements including having a supplier verification program.

- Using qualified personnel like PCQI for FSVP implementation and activities.
- Performing a hazard analysis, which includes reviewing the hazards and determining whether controls are required
- Evaluating risks posed by the food and foreign suppliers' performance
- Conducting appropriate supplier verification activities
- Taking corrective actions (if necessary) and assess FSVP adequacy (when appropriate)
- Re-evaluate the food and foreign supplier every three years or sooner
- Identify the FSVP importer when filing for entry with U.S. Customs and Border Protection

A handwritten signature in blue ink, appearing to be "Dr. Sai Krishna Padhy".
